CANADIAN ARTIST WITH CARIBBEAN ROOTS RELEASES FIRST ORIGINAL RECORDINGS FOR HAITI

Caledonia, ON, February 10, 2010 — All original emotionally packed recordings to be released at The Coach House Gift Shoppe in downtown Caledonia on Saturday, February 13, 2010.

“Hope for Haiti, the signature song and title on this first-time released CD, is just one of the masterpieces that will set the standard for future recordings in the music industry,” says executive producer Nancy Fuller. “The bar has just been raised to a new level in our world of music with this truly outstanding, emotional fusion of lyrics and musical genius by Carma. The recordings will no doubt be used as major sound tracks for both movie and theatrical performances in the future. Every note, syllable and word resonates with the thought provoking messages and timeless music that will change our journey on this planet we call Earth.”

Through this outstanding compilation of powerful messages and music Carma’s wish is to help bring relief to the people who have suffered the catastrophic event of the Haiti earthquake. The words to *Hope for Haiti* appeared to Carma as he traveled from his home in Ottawa to Thunder Dome Sounds in Markham to finalize his song then entitled “Hope” after the Haiti earthquake.

“The music resonates with the lifetime dedication Carma has made to produce magnificent innovative thought provoking music and is the first in a series of *Life with Carma* releases that have been in the recording stage for the last 2 to 2.5 years,” says Wayne Knox, Manager, Grand Erie Business Centre.

\$5.00 from every *Hope for Haiti* CD will be donated to the Red Cross for relief efforts in Haiti. The Coach House Gift Shoppe will also donate 50 per cent of the proceeds of the “Gifts from the Heart for Haiti” merchandise on sale at this outstanding fundraiser to be held Saturday, February 13, 2010, in downtown Caledonia.
